1	The Department of Electronics and Communication Engineering at R.L. Jalappa Institute of Technology organized an expert talk as part of its "FiberTech Insights" series on 09/12/2024, from 11:00 AM to 1:00 PM. Mr. Sunil Kumar BS was the guest speaker, and the session focused on advanced topics in optical communication systems, including optical sources, detectors, and Wavelength Division Multiplexing (WDM) concepts. The session aimed to enhance the understanding of pre-final-year students regarding cutting-edge technologies and their practical applications in the field of optical communications.	
2	The Department of ECE conducted a Flameless Cooking Competition for 3rd semester students as part of the SCR activity. The event was convened by Mrs. Shilpakala V, Associate Professor, Department of ECE.	
3	The Department of E&CE conducted a vibrant fest, Aathiya, for the freshers. The event was designed to welcome the newcomers and help them integrate into the academic and social culture of the department. It featured a series of fun-filled activities, including games, cultural performances, and talent showcases, allowing the freshers to display their creativity and energy. The fest also included interactive sessions, where seniors shared valuable insights and experiences to guide the newcomers. Aathiya fostered a sense of camaraderie and teamwork among the students, setting a positive tone for their academic journey ahead. It was a day of celebration, excitement, and memorable moments for all participants.
